Inactive License Request

Please read the enclosed information carefully before submitting your request.

Inactive status is intended only for licensees who are not currently engaged in the practice of chiropractic in Arizona. Licensees who practice in Arizona while their license is inactive are subject to the penalties imposed pursuant to A.R.S. §32-924. While inactive, the licensee must continue to renew their Arizona license annually, pay the annual renewal fee, and keep their address and telephone number current with the Board in accordance with A.R.S. §32-923. Inactive licensees are not required to complete continuing education each year as a condition for license renewal.

If a licensee applies for reinstatement to active status within two years of being placed on inactive status, the licensee must prove to the Board's satisfaction that the licensee has met the continuing education requirements of A.R.S. § 32-931 and Board rules relating to continuing education.

A licensee who has been on inactive status and has not been actively engaged in the practice of chiropractic for more than two years must meet the above-referenced continuing education requirements and pass the National Board of Chiropractic Examiners SPEC examination before reinstatement to active licensure.

To place your license on inactive status, you must complete and submit the following form. Please make sure to answer all questions and have your application notarized. Applications that are incomplete or not notarized shall be returned.

Inactive License Laws

§32-933. <u>Inactive license; restrictions; reinstatement to active license</u>

A. On written request, the board shall place a licensee in good standing on inactive status. The request shall state that the licensee is not currently engaged in the practice of chiropractic in this state.

B. If an inactive licensee applies to the board for reinstatement to active licensure within two years after the date the board issues a notice of inactive status, the inactive licensee shall submit the full annual license renewal fee and prove to the board's satisfaction that the licensee has met the continuing education requirements of section 32-931 and board rules relating to continuing education.

C. In addition to meeting the requirements of subsection b of this section, a licensee who has been on inactive status and who has not been actively engaged in the practice of chiropractic for more than two years must pass the national board of chiropractic examiners spec examination before reinstatement to active licensure.

D. A licensee who is on inactive status shall meet all of the requirements of section 32-923.

E. The practice of chiropractic in this state during any time that a license is on inactive status is grounds for sanction of the licensee.
